

Information to customers, suppliers, partners and authorities

St. Gallen, December 2007

From „Fritz Haug AG“ we create „HAUG Kompressoren AG“

Fritz Haug AG changes the company name as per 1st Jan 2008 into the new name **HAUG Kompressoren AG**. With this step, we intend to disengage ourselves from the first name "Fritz". Fritz Haug was from 1924 until 1948 our Managing Director. With this change of company name, we want to pursue 3 objectives:

- To strengthen the brand **HAUG**, which is a famous name internationally in the niche markets of oilless piston compressors for air and gases.
- To integrate our core business – the production of oilless **compressors** – into the company name and to demonstrate for what we stand.
- To choose a German **Name**, in order to demonstrate our commitment to the working place of Switzerland.

The other company information and the logo remain unchanged.

The new address from 1.1.2008:

HAUG Kompressoren AG
Industriestrasse 6
CH-9015 St. Gallen

The new address of the German subsidiary:

HAUG Kompressoren GmbH
Postfach 1261 / Altenhasslauerstrasse 23
DE-63589 Linsengericht

With best regards

Beat Frefel, CEO
